## Governance is:

*“A process of providing strategic leadership (by) setting direction, making policy and strategy decisions, overseeing and monitoring organizational performance, and ensuring overall accountability”*

Renz 2004

This can be broken down into:

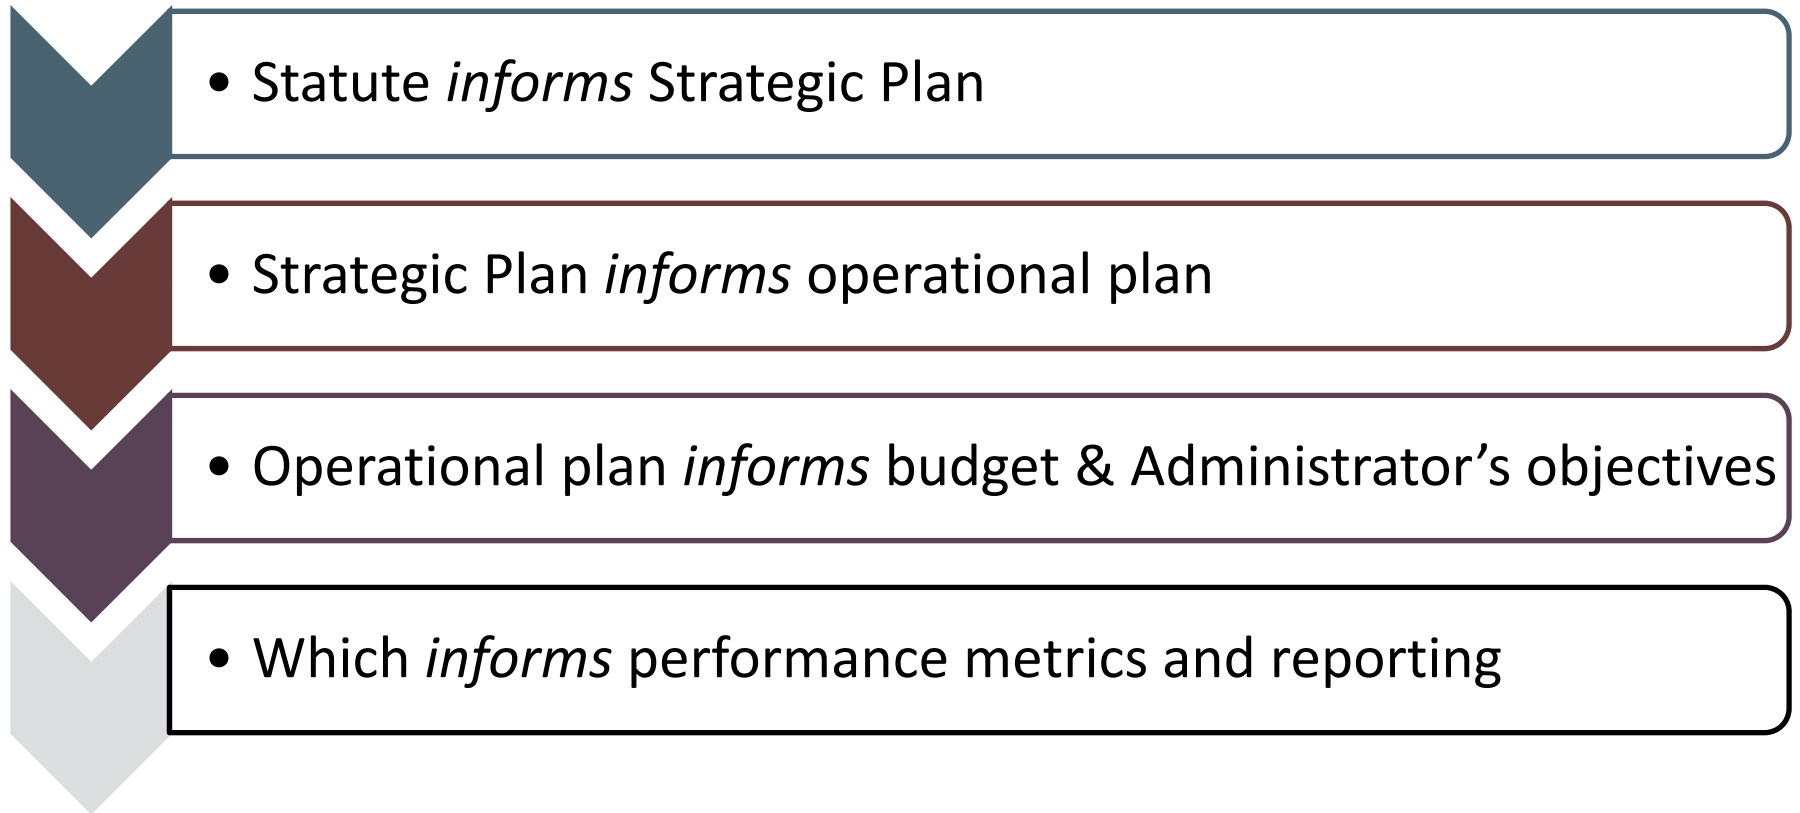

1. Developing/Monitoring the Mission, Vision, Values and Strategic Plans
2. Developing and Monitoring Framework for Governance – Policies regarding how business will get done
3. Human Resource Stewardship
4. Financial Stewardship
5. Establishing and Monitoring Performance Measures - Including measuring the performance of the governance structure
6. Reporting

# Developing/Monitoring Mission, Vision, Values and Strategic Plans

Why do the work of  
developing a mission, vision,  
values and strategic plan?
