

For the purpose of the Beaver Control Program (CAP-BCP):

- RMs must have passed a bylaw allowing beavers to be hunted in the municipality and filed a certified copy of the bylaw with the Saskatchewan Ministry of Environment, as per section 4 of *The Wildlife Regulations, 1981*. About 227 RMs have already completed this process. To determine if this was already done by your RM, please refer to the map below or attached list.

If the RM has already completed and submitted this bylaw, it is not required to resubmit a copy to the Ministry of Environment each year. **If the RM has not completed the required bylaw**, please email Travis Williams at travis.williams@gov.sk.ca to file a certified copy electronically.

- **Note:** This bylaw is not required of First Nations Bands.
