

FINNING PARTS NATIONAL ACCOUNT OPT-IN FORM

THE PROGRAM

SARM's Trading Services has partnered with the RMA Trade Division to establish a Finning national account program that provides members with the benefit of an aggregated discounting platform on Finning's catalogue of parts and service.

OPTING IN

Because Finning is an established supplier in our municipal marketplace, the majority of membership already have accounts at the branch level. In order to access the SARM/RMA National Account Program, members are required to opt-in to the program so that their current account (in good standing) can be transferred to the SARM/RMA account. Under the program, invoicing will be centralized through SARM in order to aggregate purchase volume and secure volume discounting. RMA and Finning have ensured that these account changes will not impact preexisting business relationships while any regional pricing agreements will be maintained or improved upon.

To opt-in to the SARM/RMA Finning National Account, please provide yourv information below and e-mail to rma@sarm.ca.

NAME:

DATE:

RURAL MUNICIPALITY:

PHONE:

'SHIP TO' ADDRESS:

TITLE:

EMAIL:

In returning this electronic form to RMA, I hereby agree to the transfer of my organization's current Finning account and opt-in to the SARM/RMA Finning National Account. Under this program, invoicing will be administered by SARM and subject to payment terms of SARM.
