

Norm Nordgulen

p: 306.640.6363

e: division2@sarm.ca

Norm is currently Reeve of the RM of Lake of the Rivers No. 72.

Norm owns and operates the family ranch which began in 1907 near Assiniboia, SK. He has served on numerous local boards as well as was elected to council in 2006, where he currently serves as the Reeve of RM 72. Norm takes up the cause wherever and whenever possible for the small guy; whether they are young or old, beginning or established, as well as the larger interests.

He is very active in regional issues, having campaigned hard for the new Moose Jaw hospital funding which the region sorely needed. The STARS program is a soft spot with him as well as senior care and welfare. He is an ardent naturalist and historian to the point where he gave the Nature Conservancy of Canada an easement on his ranch to keep it in its natural state for all time.

He is the father of three and grandfather of eleven, all of whom he cherishes greatly and communicates with daily, even when on the road. He is proud to represent his Division on the SARM board where he can work for all the RMs in Division 2 as well as serve our great province in the many different committees he is fortunate enough to serve.

Norm represents SARM on the following committees:

- Advisory Committee on Wildlife
- Central Transportation Planning Committee (CTPC)
- Habitat Management Plan (alternate)
- Intensive Livestock (ILO)
- RIRG
- Rural Indigenous Task Force
- SARM Agriculture and Environment Committee
- Sask. Association for Resource Recovery Corporation Committee (SARCC)
- SaskTip
- SODCAP
- South Central Transportation Planning Committee (SCTPC)
