

Navigating Conflict Workshops for Appointed Officials

(FN LAND MANAGERS, PEST CONTROL OFFICERS, AND WEED INSPECTORS)

SARM, through the Pest Biosecurity Program, is excited to host four, one-day Navigating Conflict workshops. They will be facilitated by the Dispute Resolution Office, Ministry of Justice. These workshops introduce concepts and skills that build off what you may already know about managing a contentious situation and having difficult discussions. This interactive session builds capacity to orientate yourself when in a conflict situation and take an interest-based approach to positively influence where it goes.

Registration is required and space is limited each day so register early to save your spot for your preferred day. Each one-day workshop is free to attend for appointed officials and will run 8:00 AM to 4:00 PM with lunch included.

REGINA	SASKATOON
<u>Tuesday, January 17, 2023</u> or <u>Wednesday January 18, 2023</u>	<u>Wednesday, February 1, 2023</u> or <u>Thursday, February 2, 2023</u>
